Go on now my wife
Move on with your life
Be happy for what we were

Be angry no more
My ship's come ashore
On our Father's peaceful beach

He's watching you now
Looking into your eyes
While He carries you in His arms

Be strong now
And listen
To God's song of life

Enjoy My gifts of life
Ride the waves that come alive
Your children, their children
They're all that I give life

Live the life I give to you
Not the life I take from you
Trust in Me
Be happy
I am always at your side
Singing your song of life

Enjoy My gifts of life
Ride the waves that come alive
Your children, their children
They're all that I give life

Live the life I give to you
Not the life I take from you
Trust in Me
Be happy
I am always at your side

Enjoy My gifts of life
Ride the waves that come alive
Your children, their children
They're all that I give life

Live the life I give to you
Not the life I take from you
Trust in Me
Be happy
I am always at your side
Singing your song of life
